Special Offers - Bargain Corner Conservatories

You must not miss these if you are serious about getting your new conservatory at an exceptionally good price. You may not have the range of choice that we normally offer, but if these sizes fit the bill we don't believe you will get a better deal. Almost all these conservatories are brand new TOP QUALITY so you are not sacrificing anything in that department (all second hand/ex-display conservatories are clearly shown). Currently we have a number of larger conservatories including "P" shaped Victorian designs on offer. These are conservatories that we are deleting from our standard range and there is a maximum of three of each model currently available. AT THESE PRICES WE EXPECT THEM TO SELL FAST! So please remember it's first come first served.

Please note: All Imperial sizes are approximate and all prices shown include VAT @ 17.5%

Special Note:

All PVCu conservatory models featured within this price list include the following as standard:

- One set of French doors (double opening)
- Four opening windows
- Toughened safety glass in frames
- 16 mm polycarbonate in the roof and VAT.

Please note: All prices quoted within this price list are for supply only (no building works or installation costs have been allowed for).

Dial a Conservatory operates on a "supply only" basis. However, if you would like a price for either building works or installation costs just request it of our designers or use the online Quotation Request Form and we will quote you guide costs for this using an approved list of recommended Builders and Installers who are familiar with our product range (we work from pre-agreed rates for this).
