Special Offers - Lean-To Style Conservatories

The examples in this price list are just a few of the standard models that we are making special offers on at present. Don't worry if you can't find the exact model size you require - just contact us and we will almost certainly have a model that fits (this will not unfortunately apply to difficult site situation with height restrictions, box gutters etc. - in this instance, please ask for a Bespoke Quotation).

Lean-To style conservatories (also known as HOME EXTENDER) are all manufactured using synseal PVC Extrusion - double-glazed frames and 16mm polycarbonate roof. All dimensions quoted are external brickwork dimensions. All roofing components by ULTRAFRAME.

Please note: All Imperial sizes are approximate and all prices shown include VAT @ 17.5%

Special Note:

All PVCu conservatory models featured within this price list include the following as standard:

- One set of French doors (double opening)
- Four opening windows
- Toughened safety glass in frames
- 16 mm polycarbonate in the roof and VAT.

A LITTLE GUIDE

DW = Dwarf Wall

FH = Full Height

Please note: All prices quoted within this price list are for supply only (no building works or installation costs have been allowed for).

Dial a Conservatory operates on a "supply only" basis. However, if you would like a price for either building works or installation costs just request it of our designers or use the online Quotation Request Form and we will quote you guide costs for this using an approved list of recommended Builders and Installers who are familiar with our product range (we work from pre-agreed rates for this).
